

Sci

Hit one continuous shot

A

lots of surface granulation  
prominences shoot high - we  
whoosh around the red giant

D

up and over terrain of  
planet towards

G

crus

B

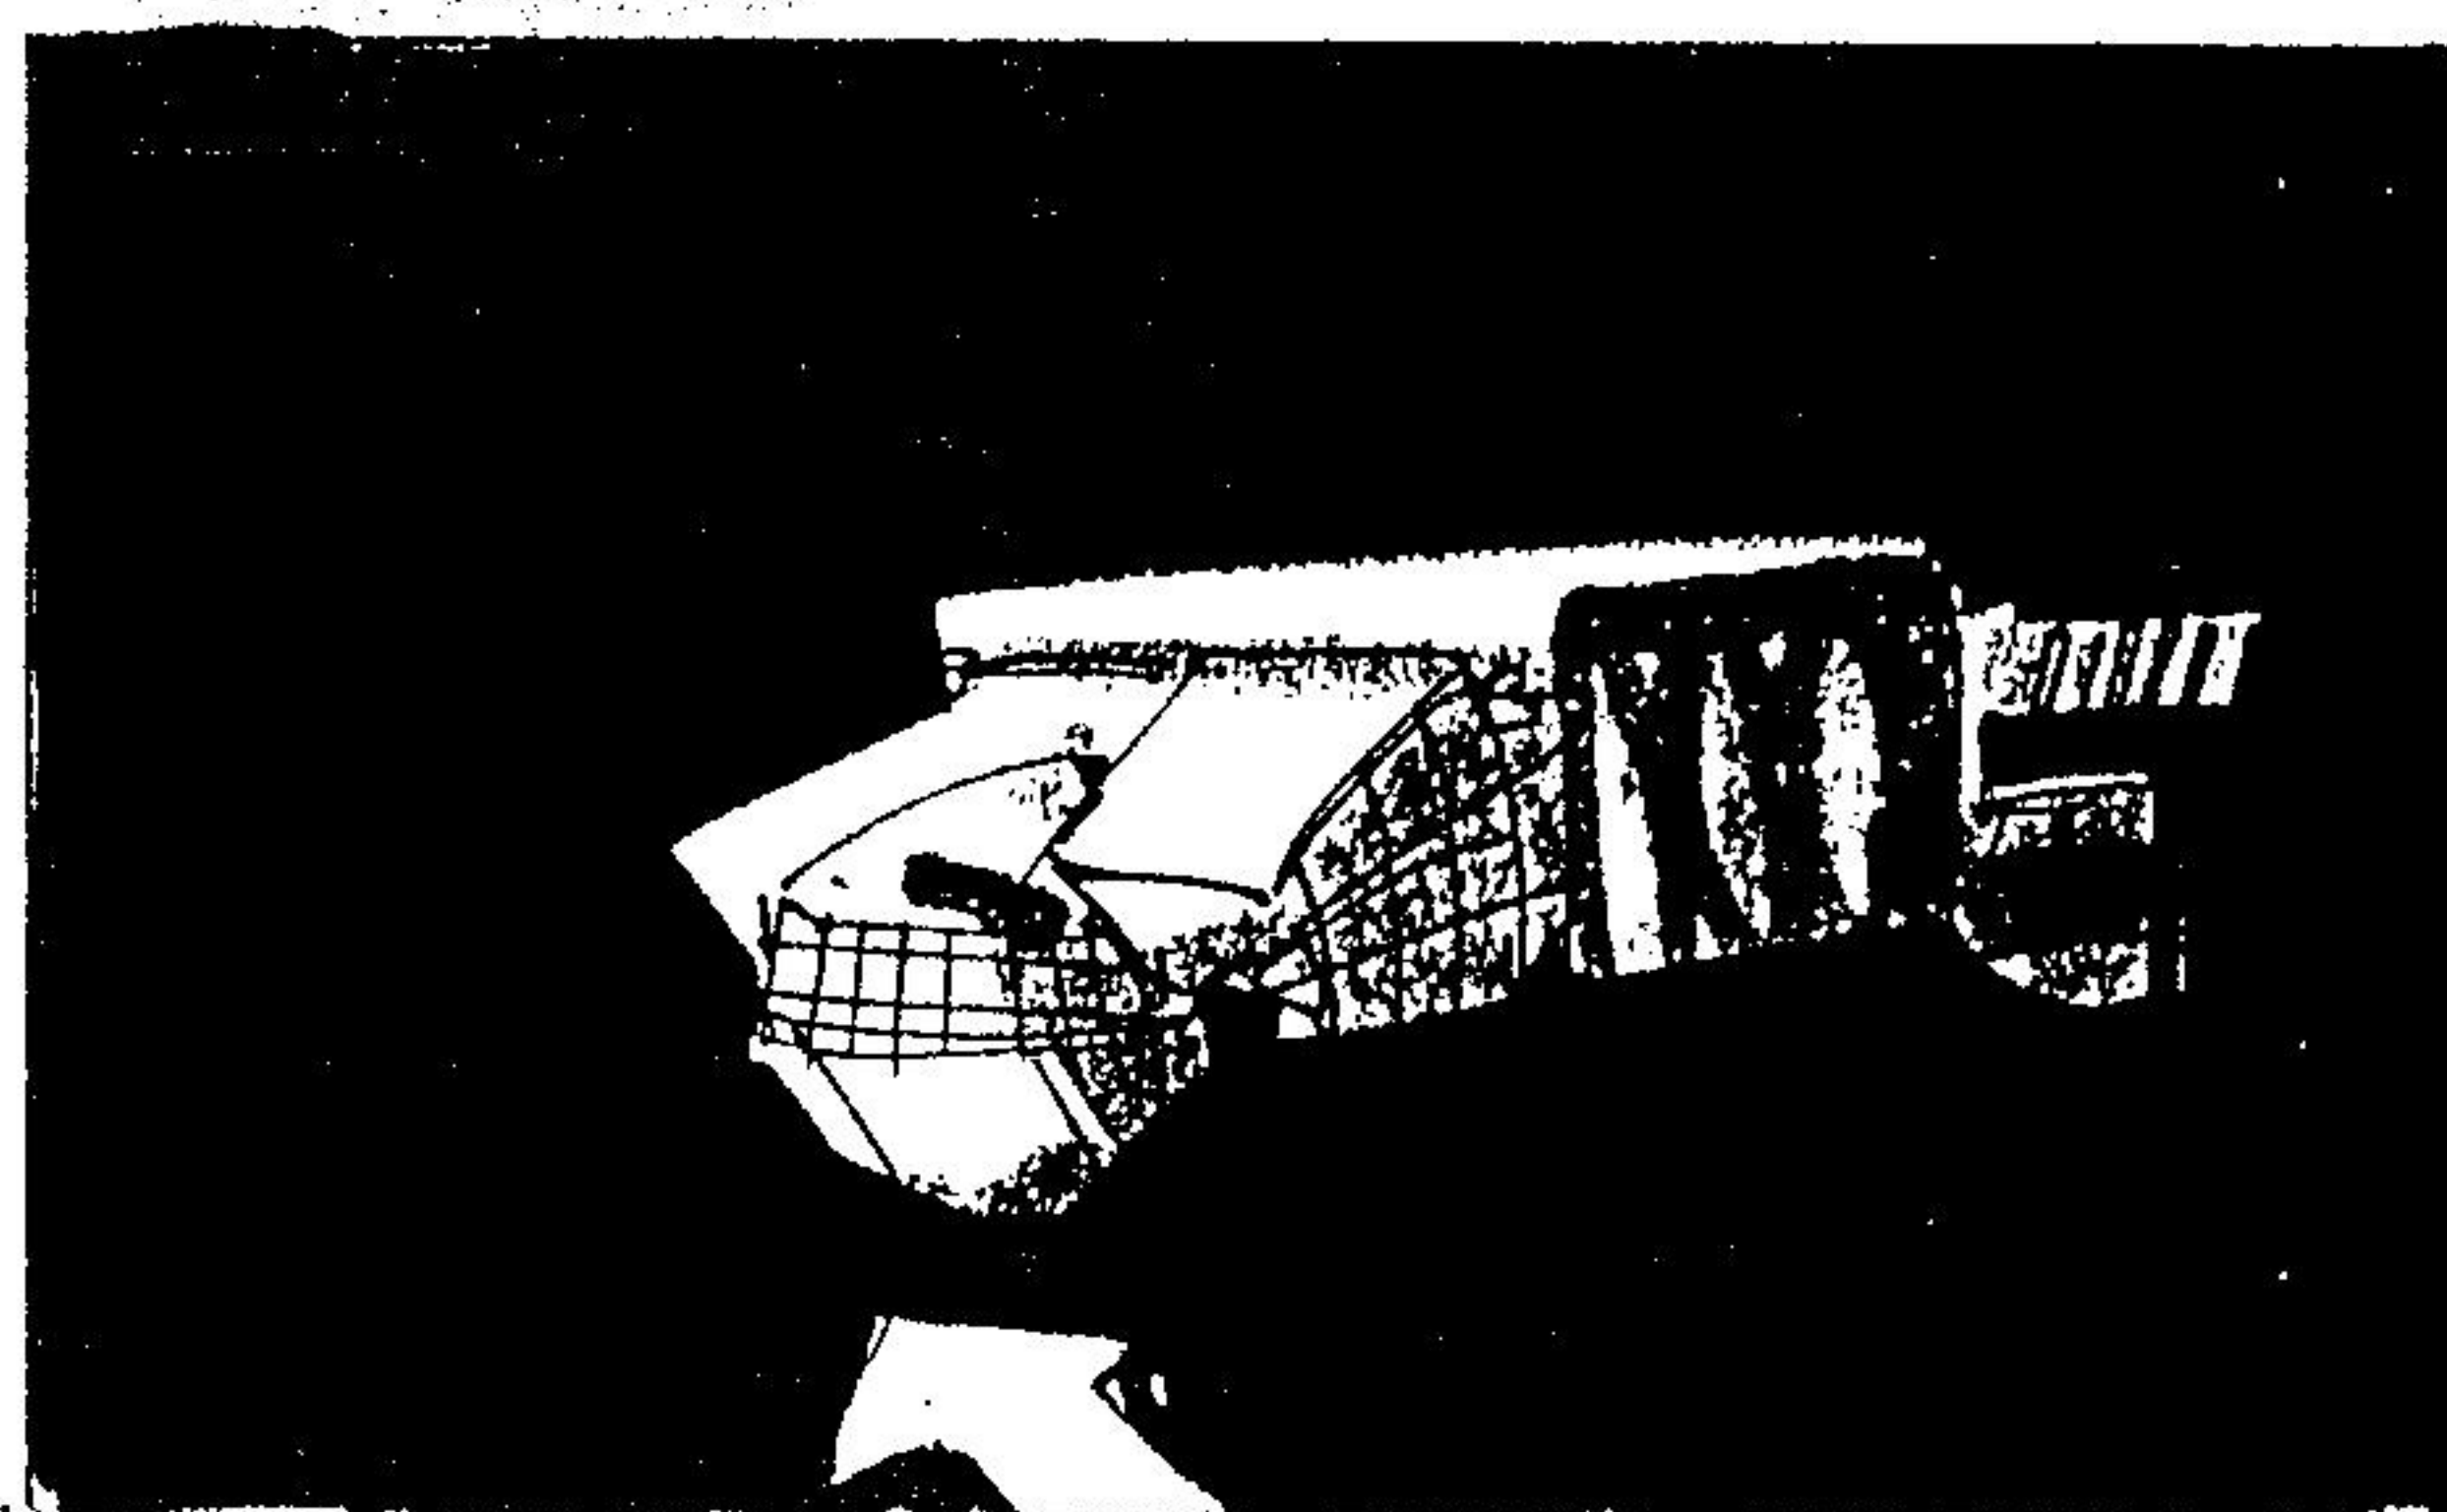

around sun and head towards  
Volcanic planet

E

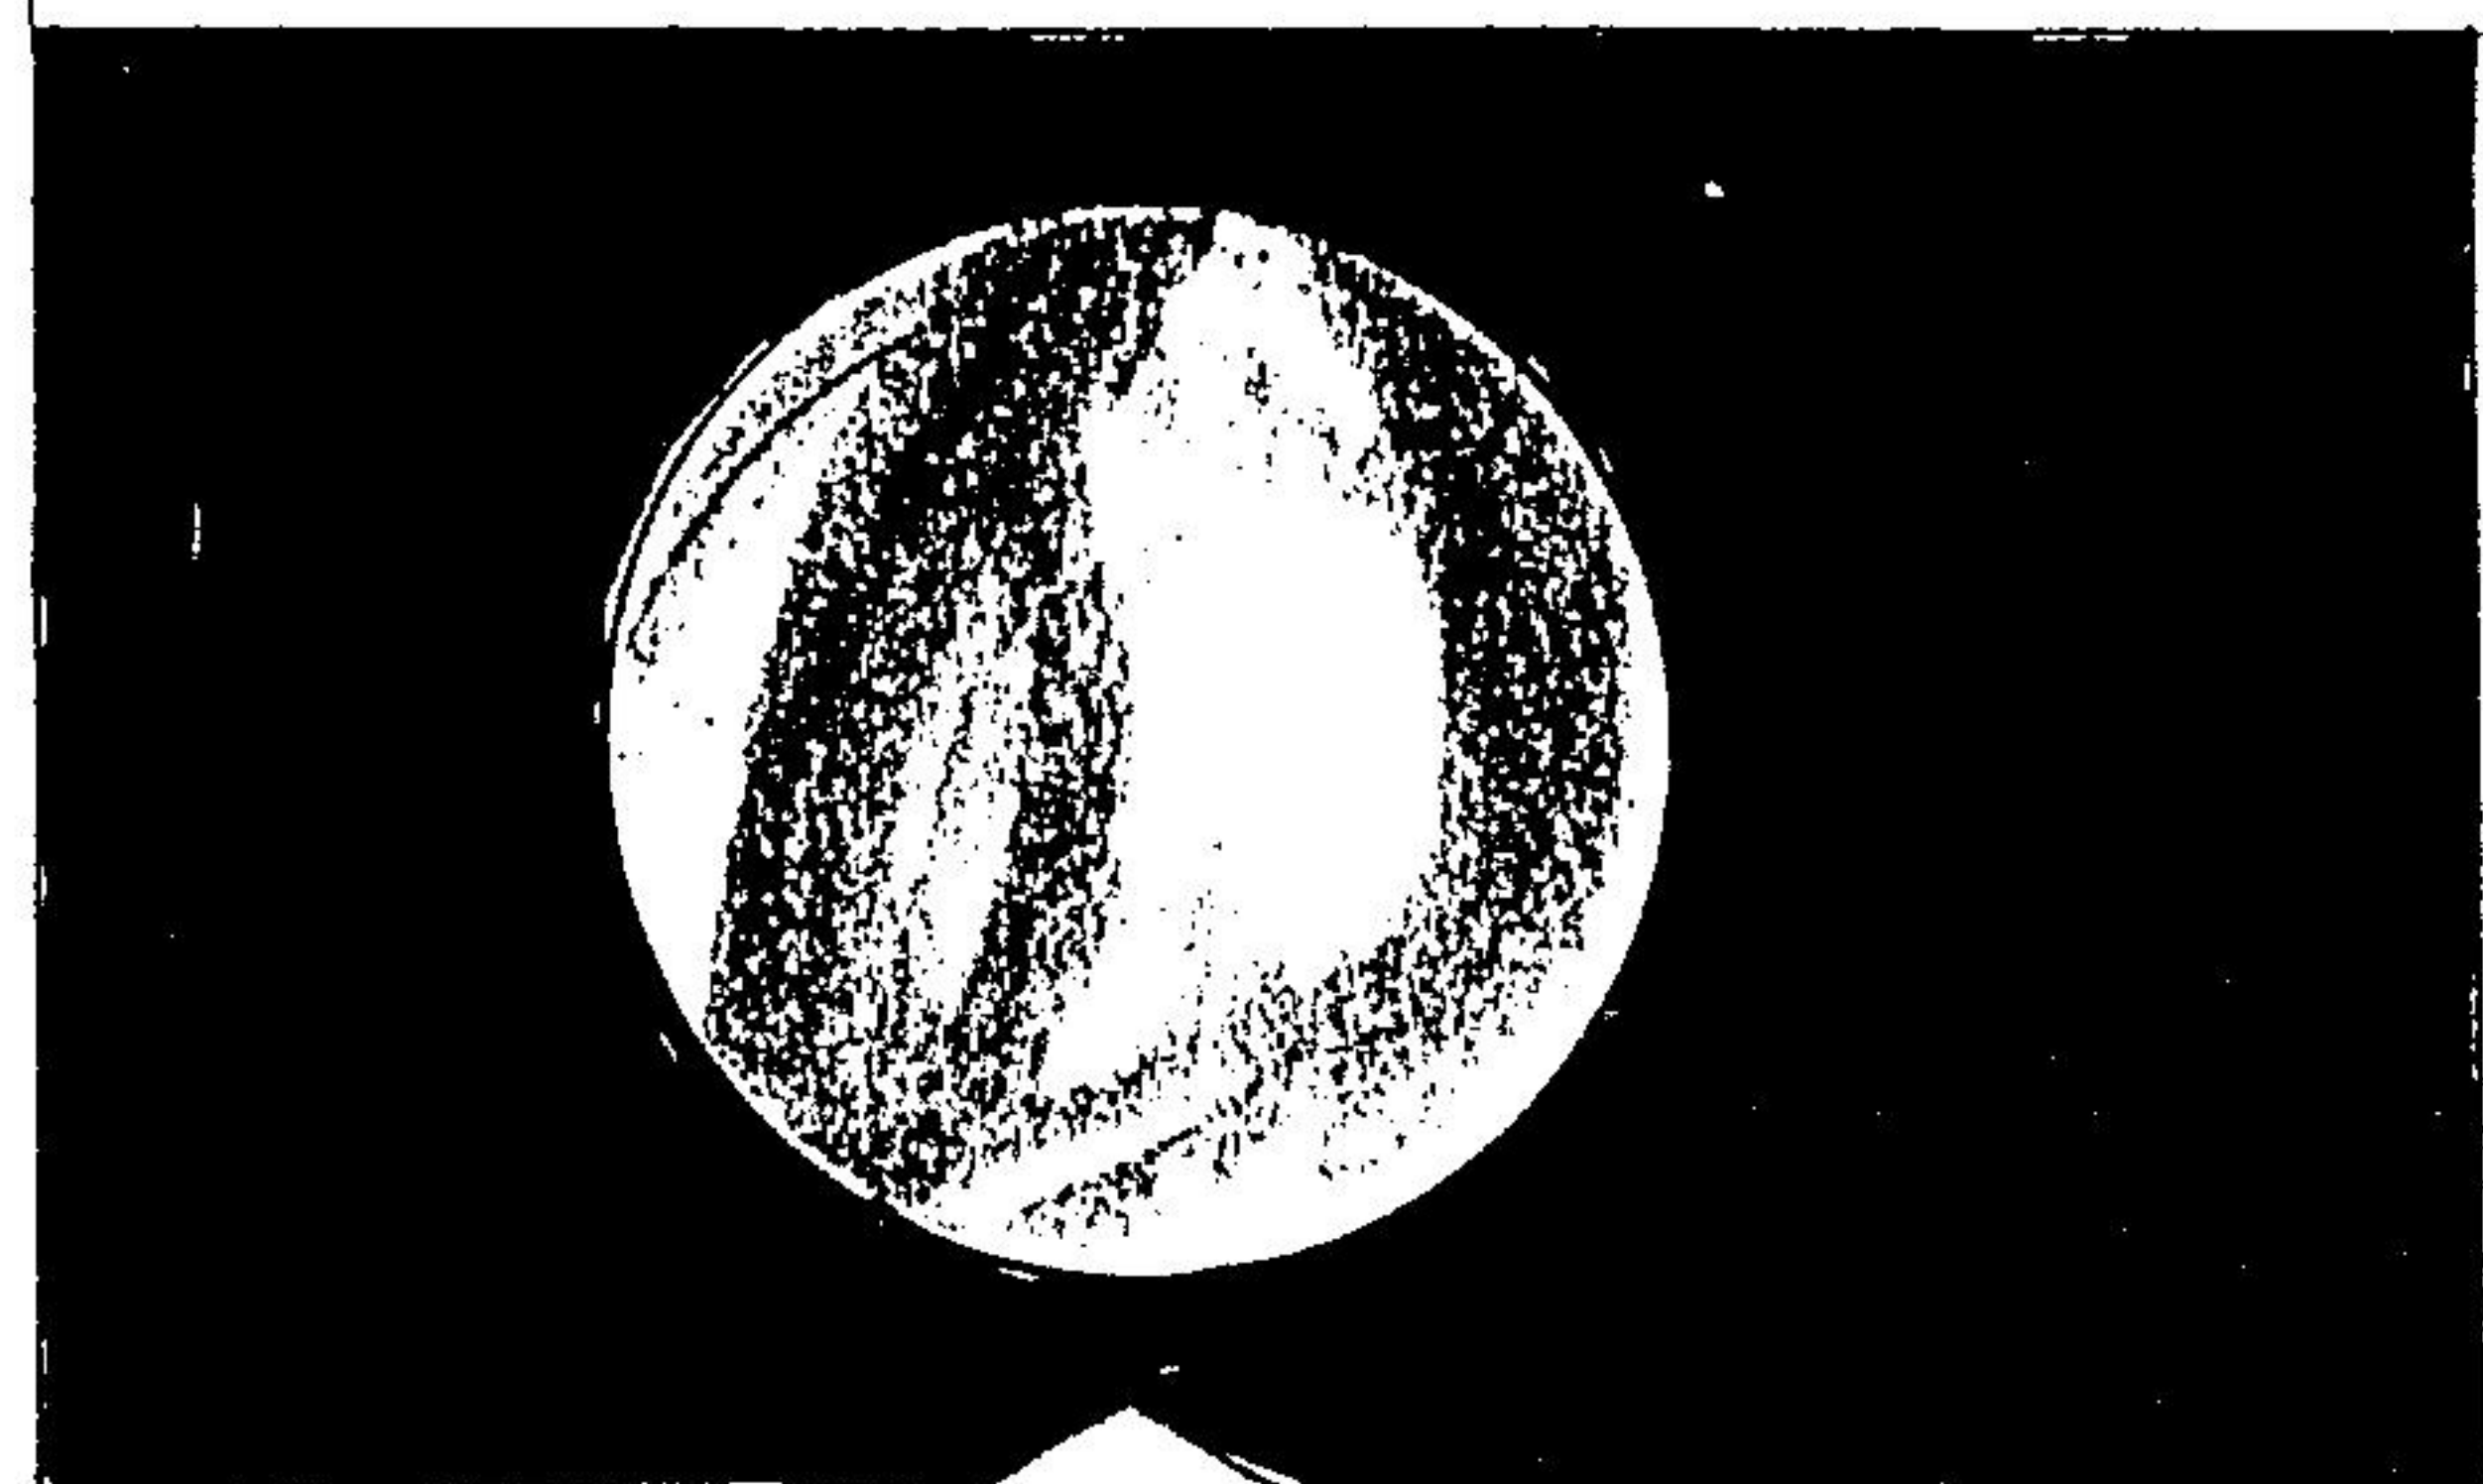

Volcano

H

v.o starts

C

Towards it

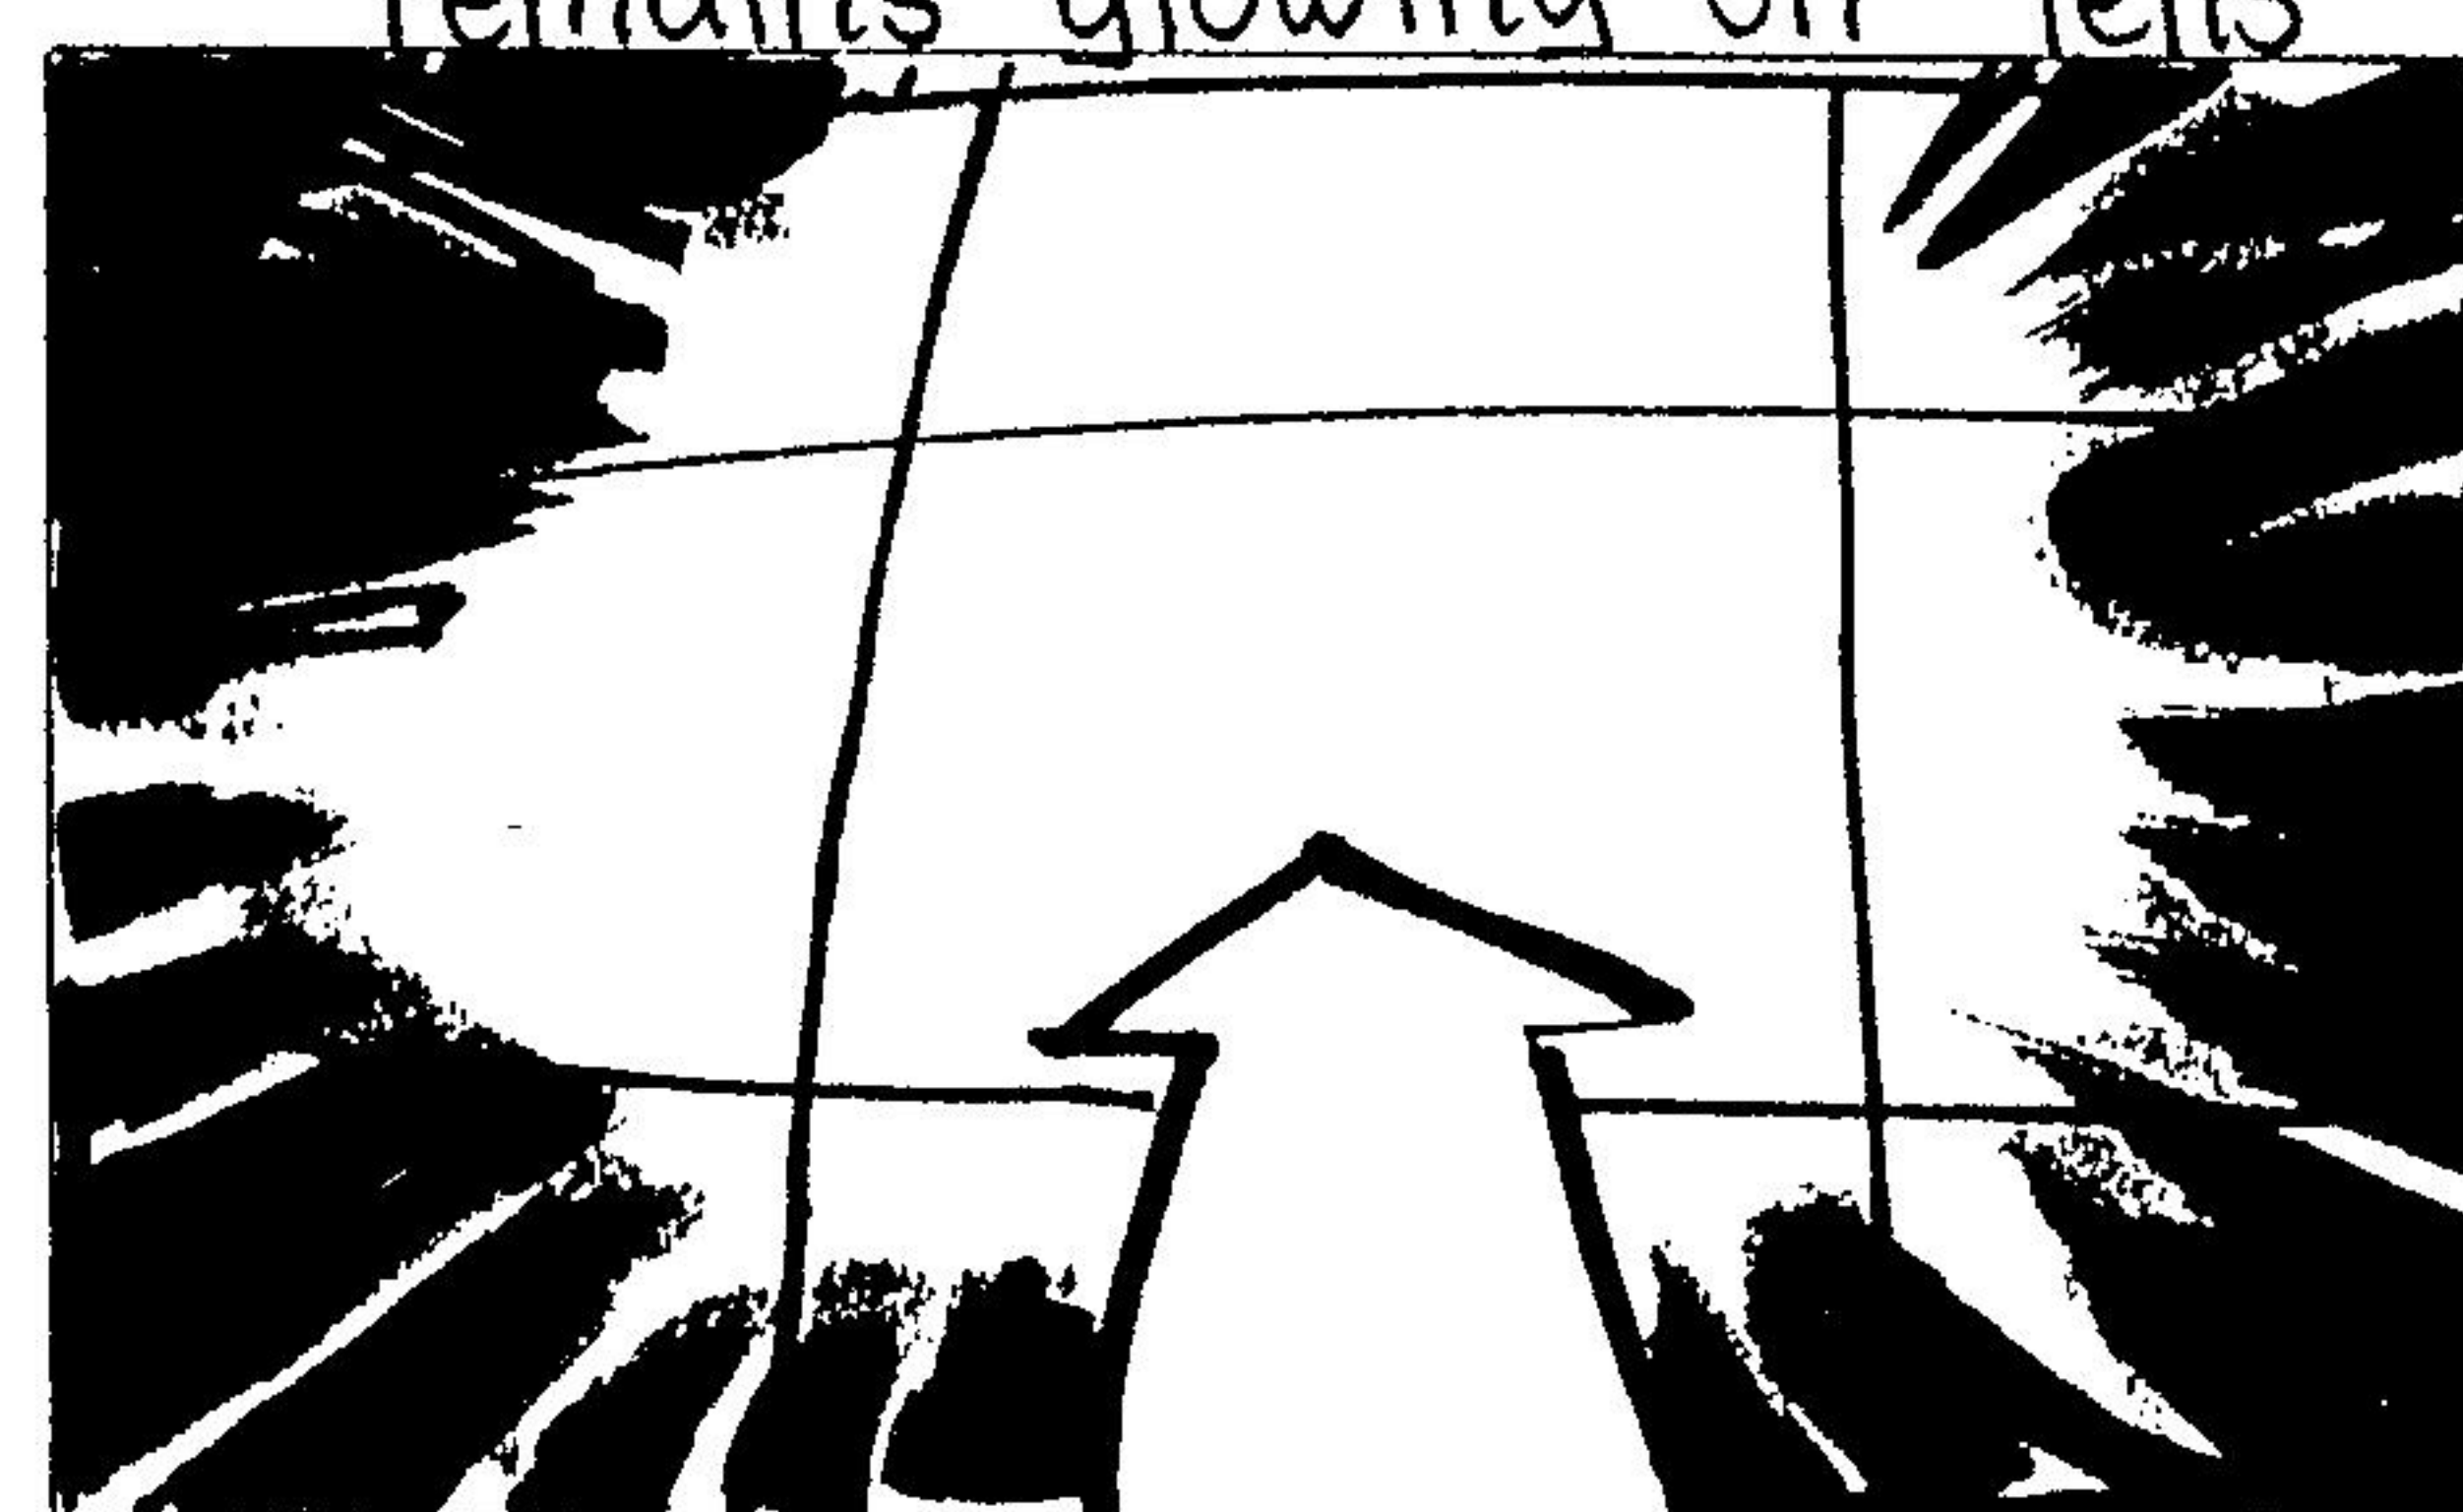

F

Volcano erupts -

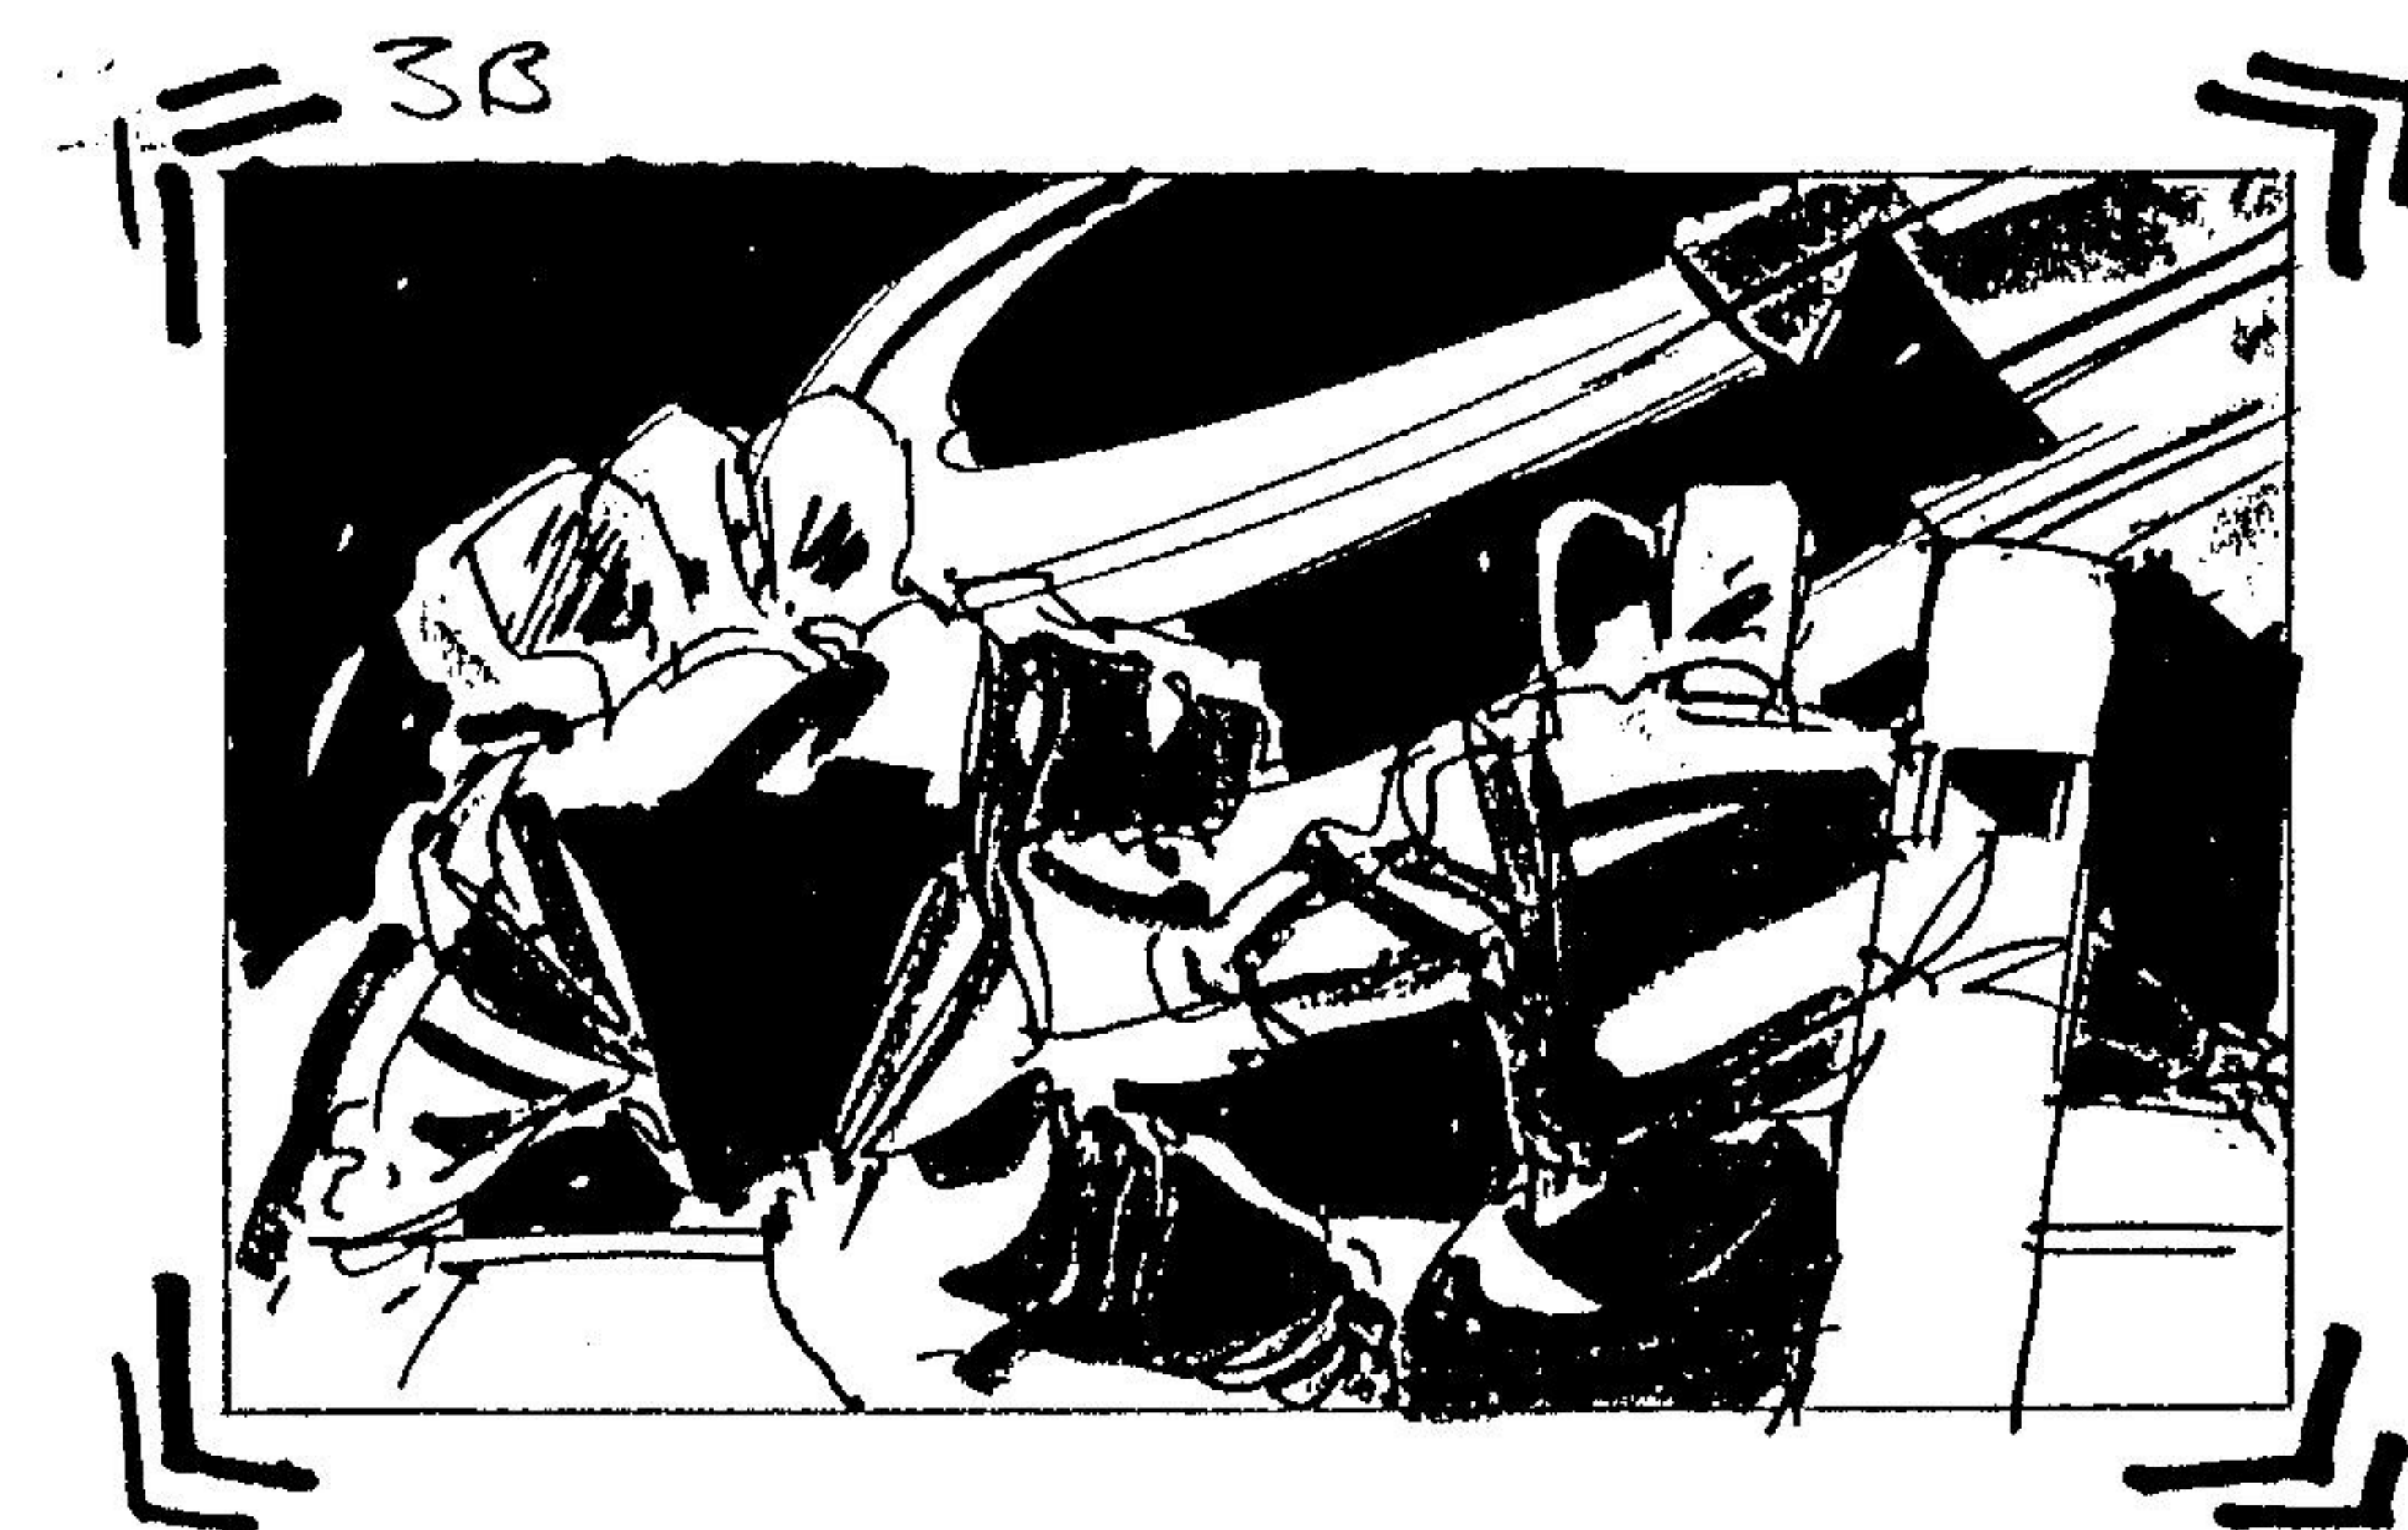

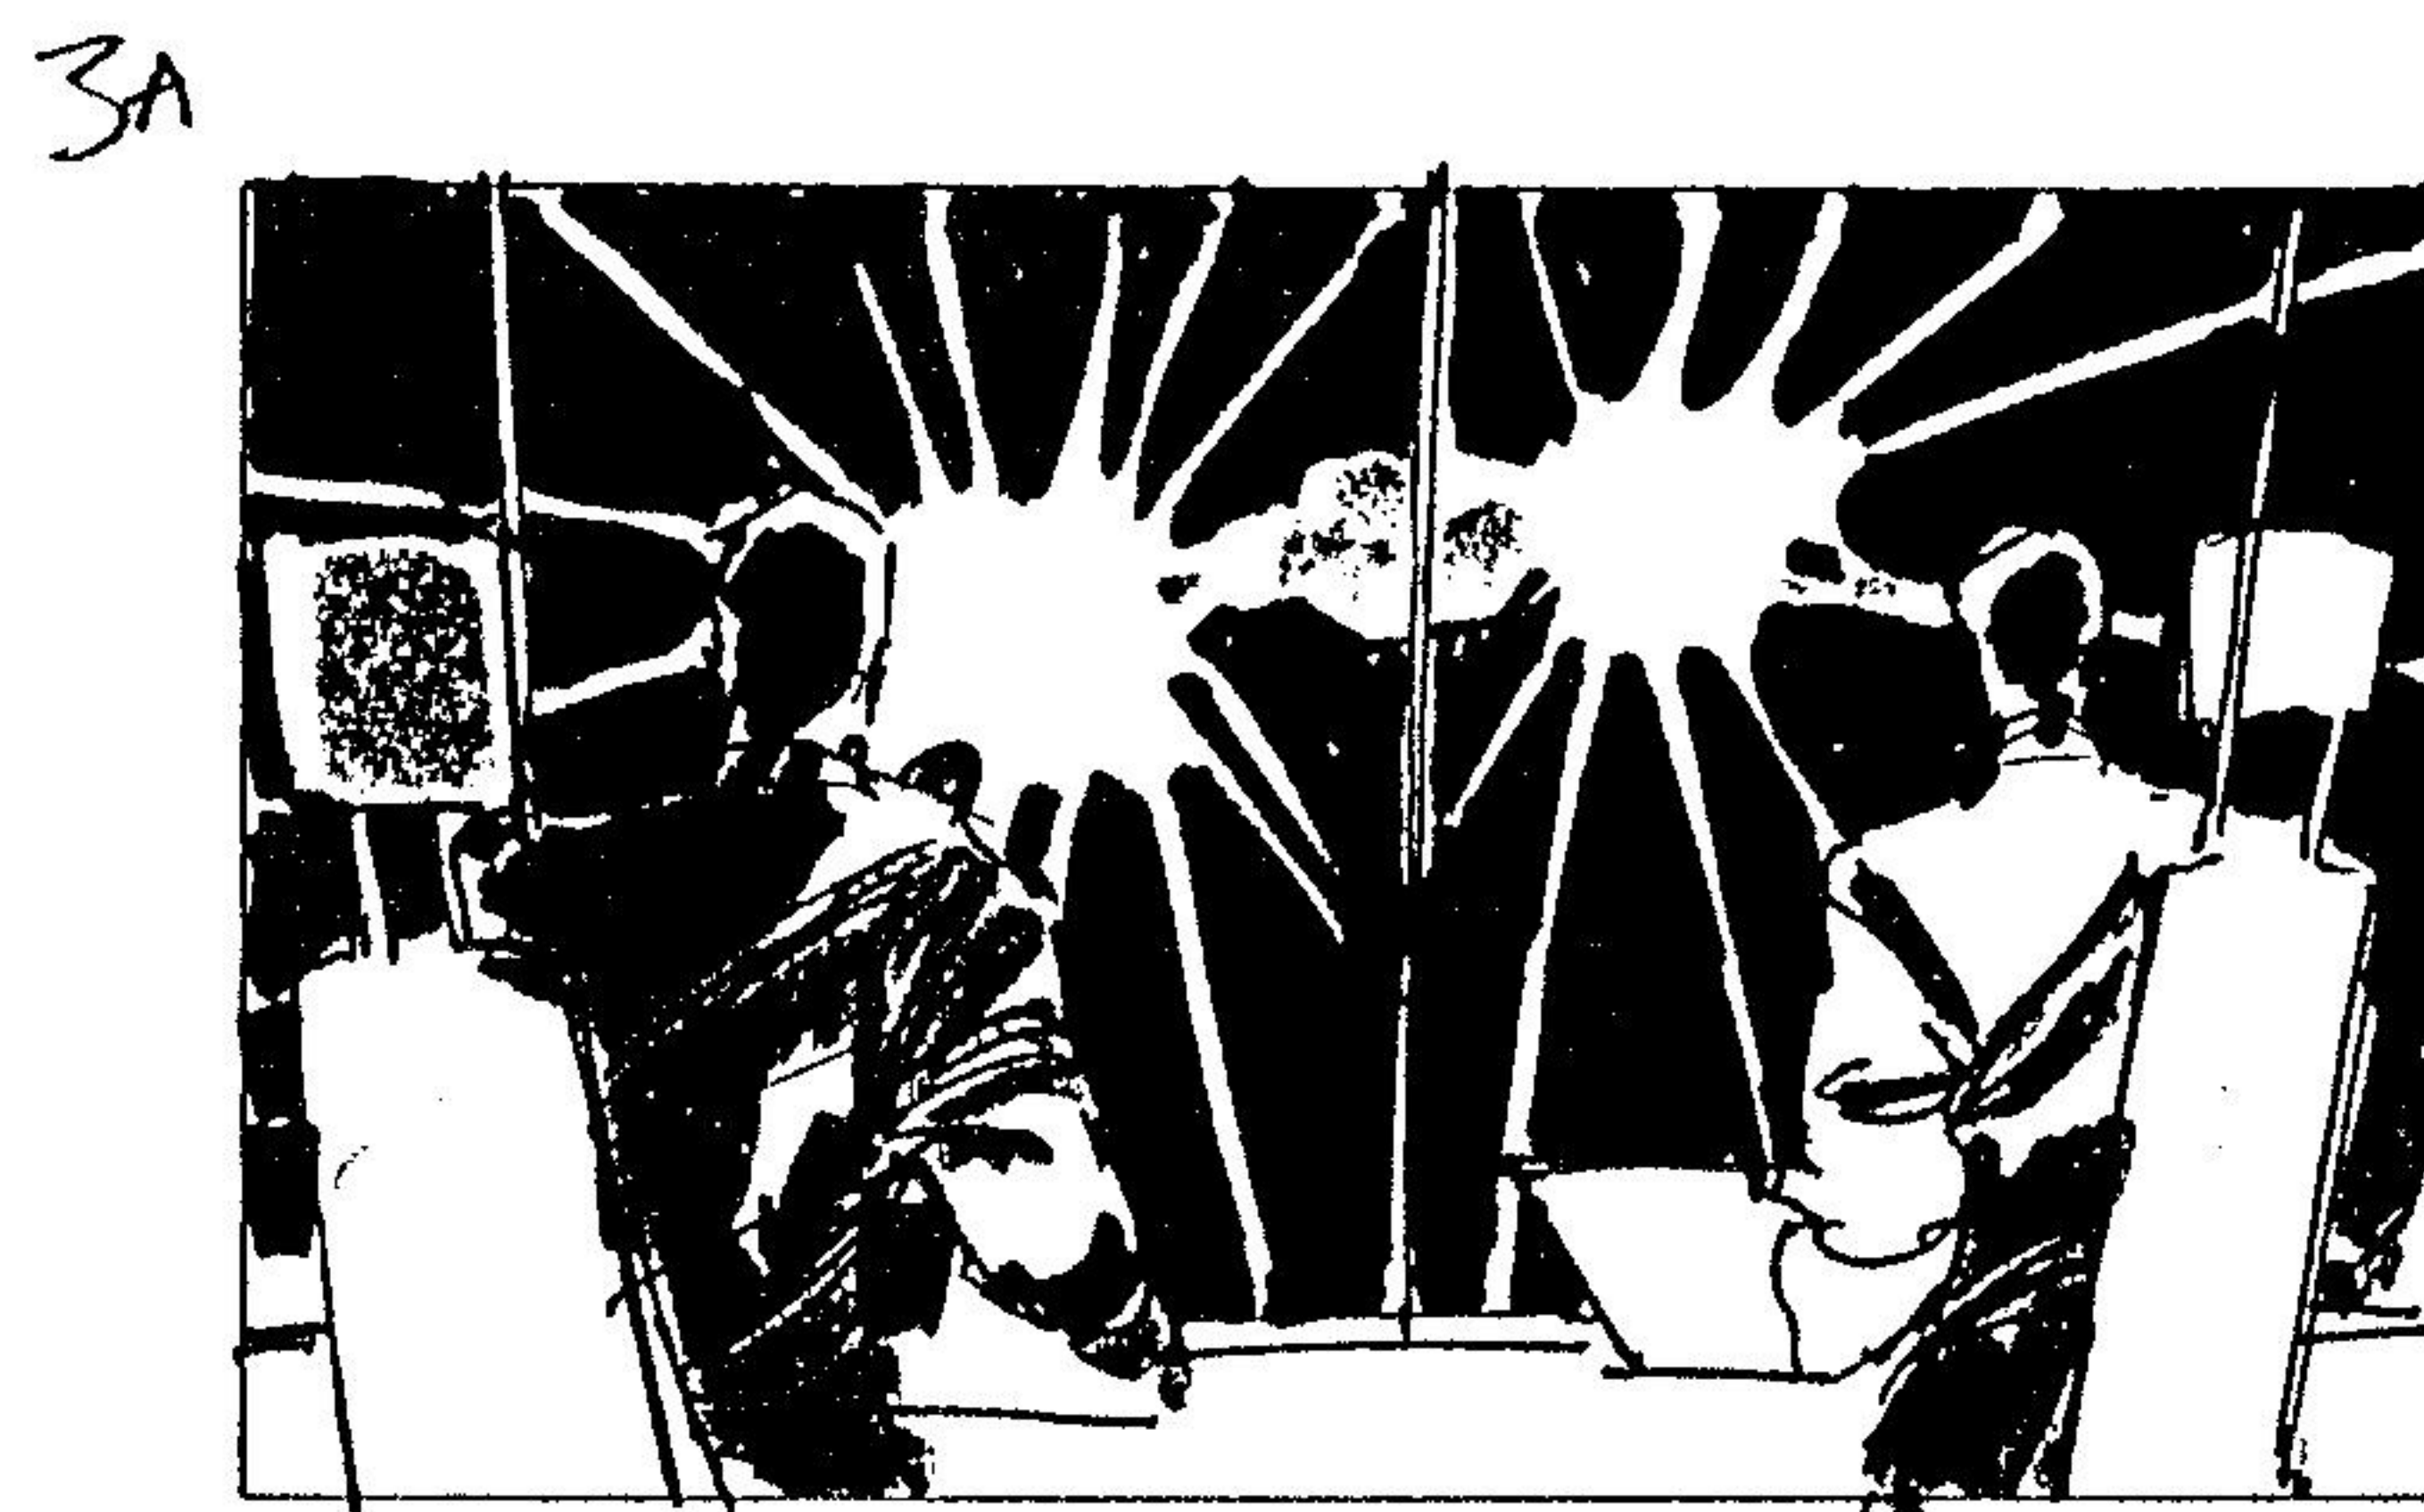

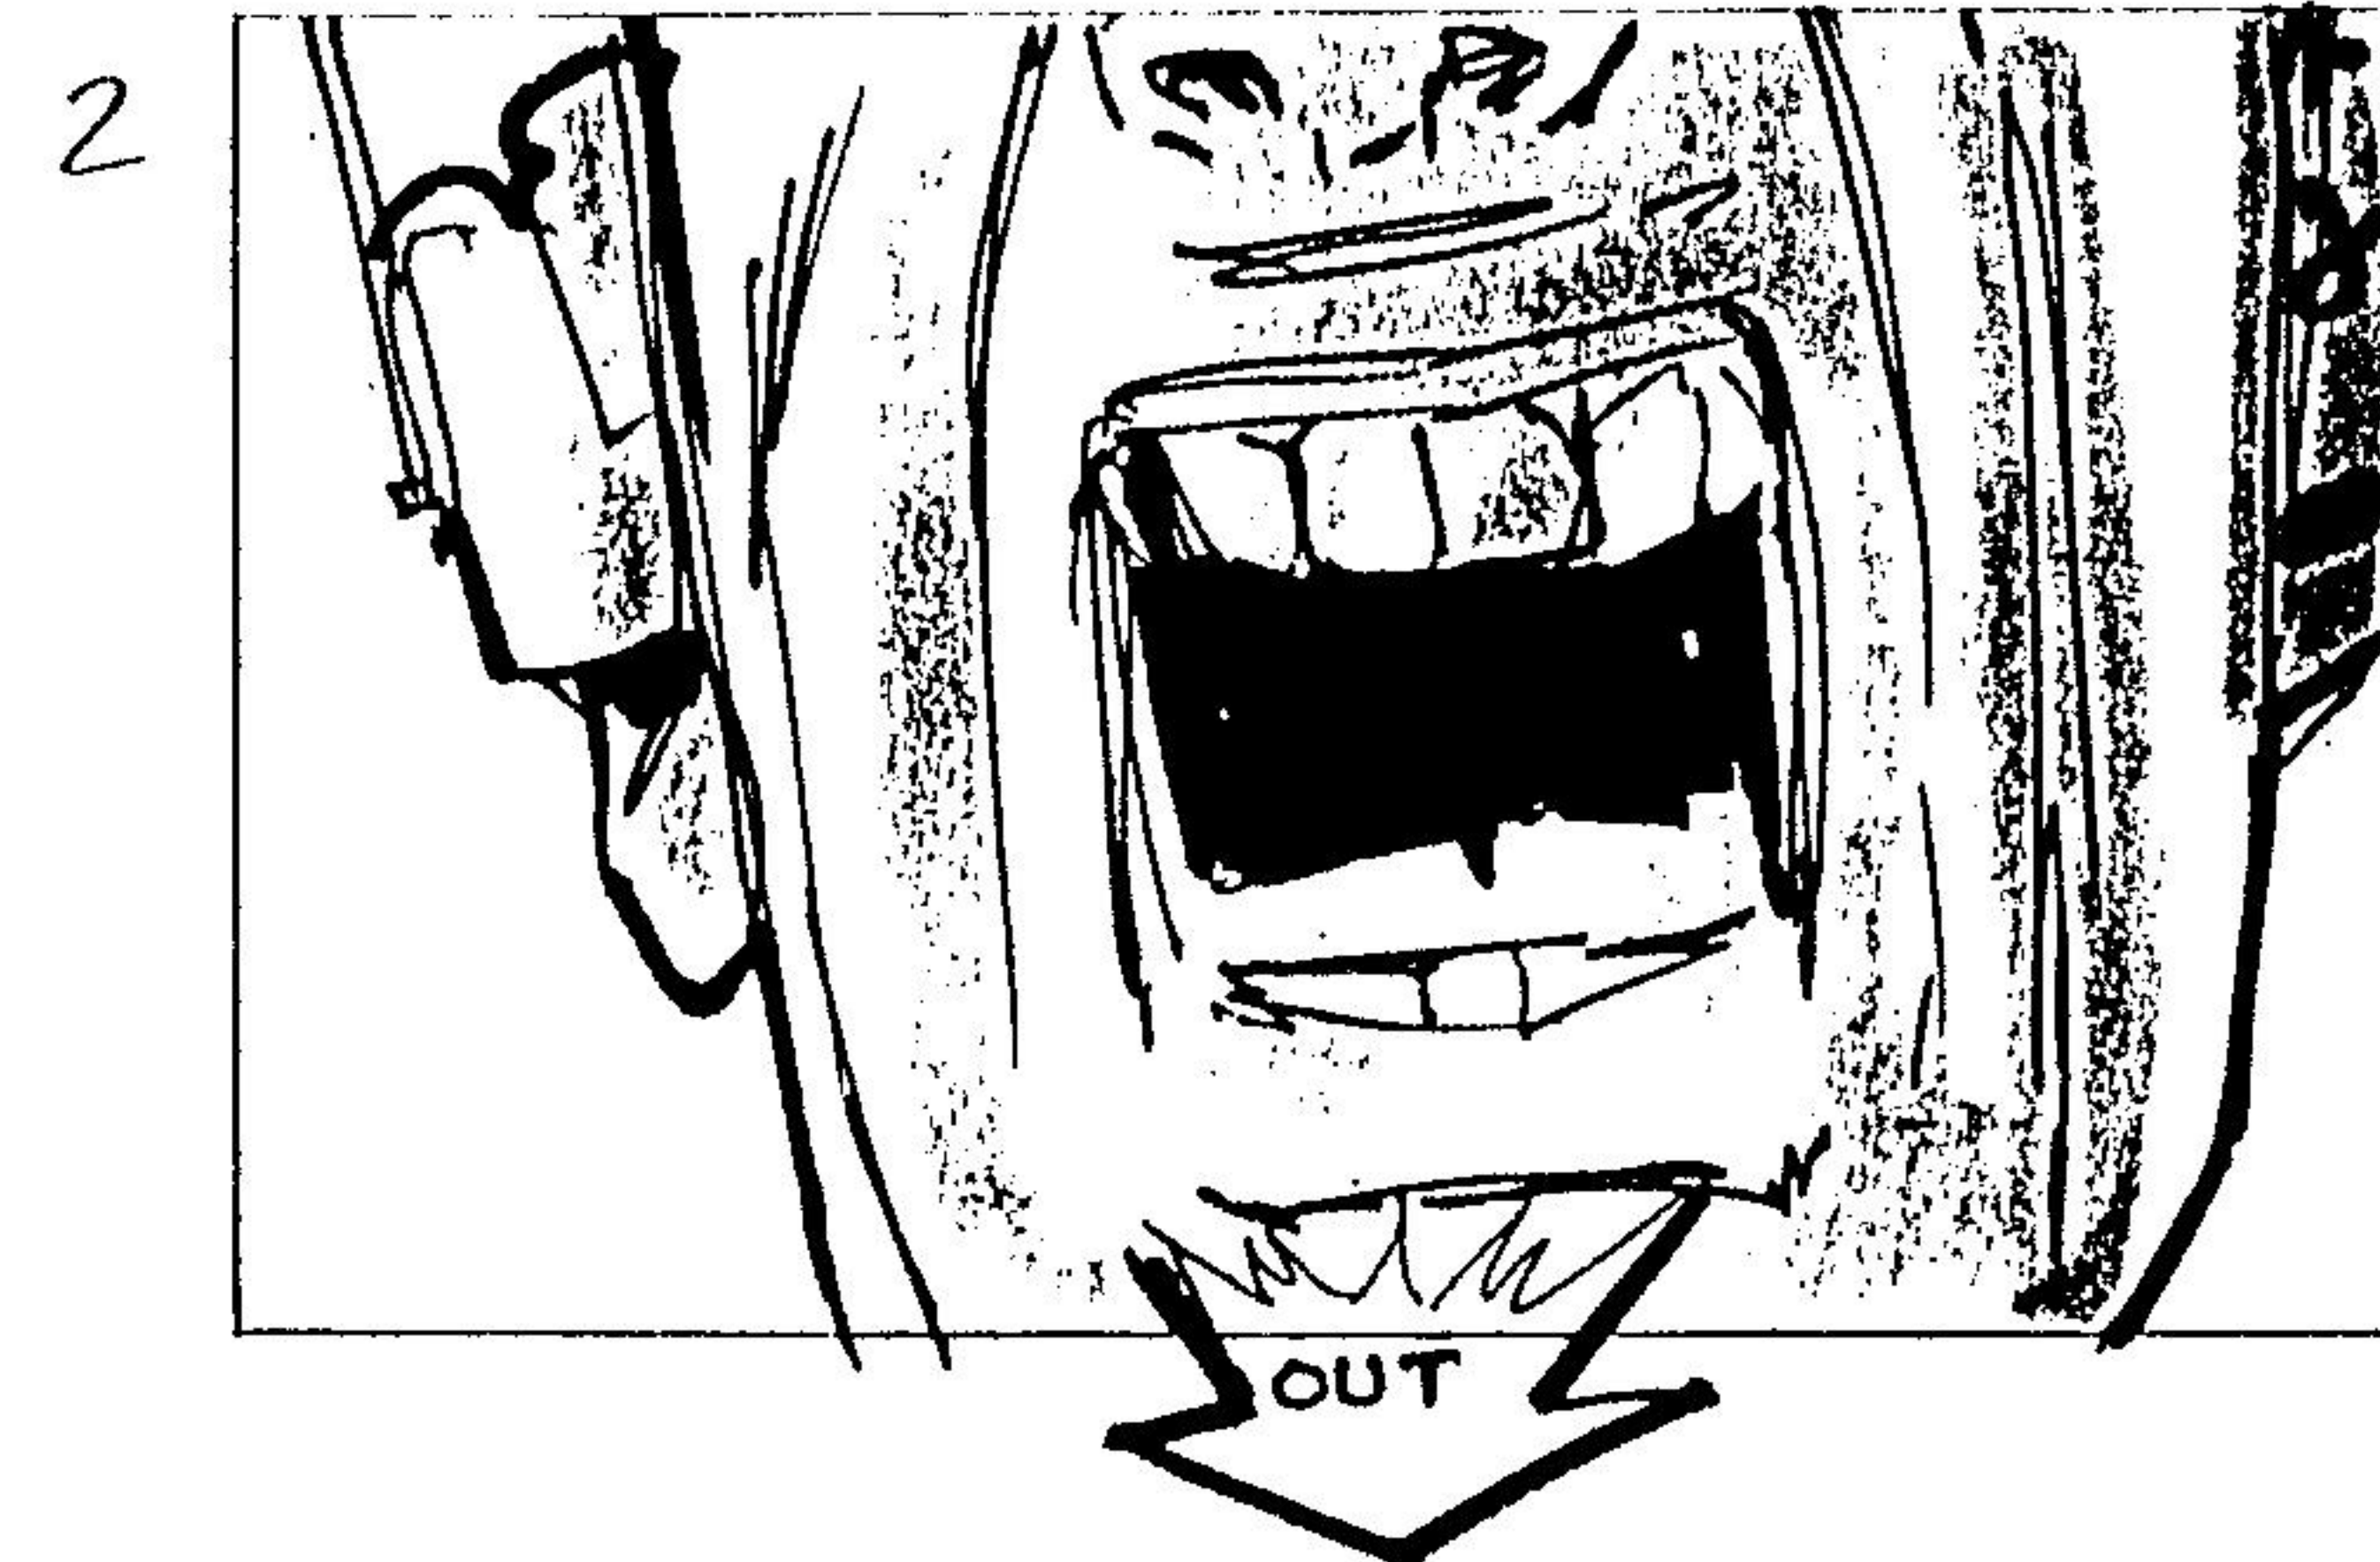

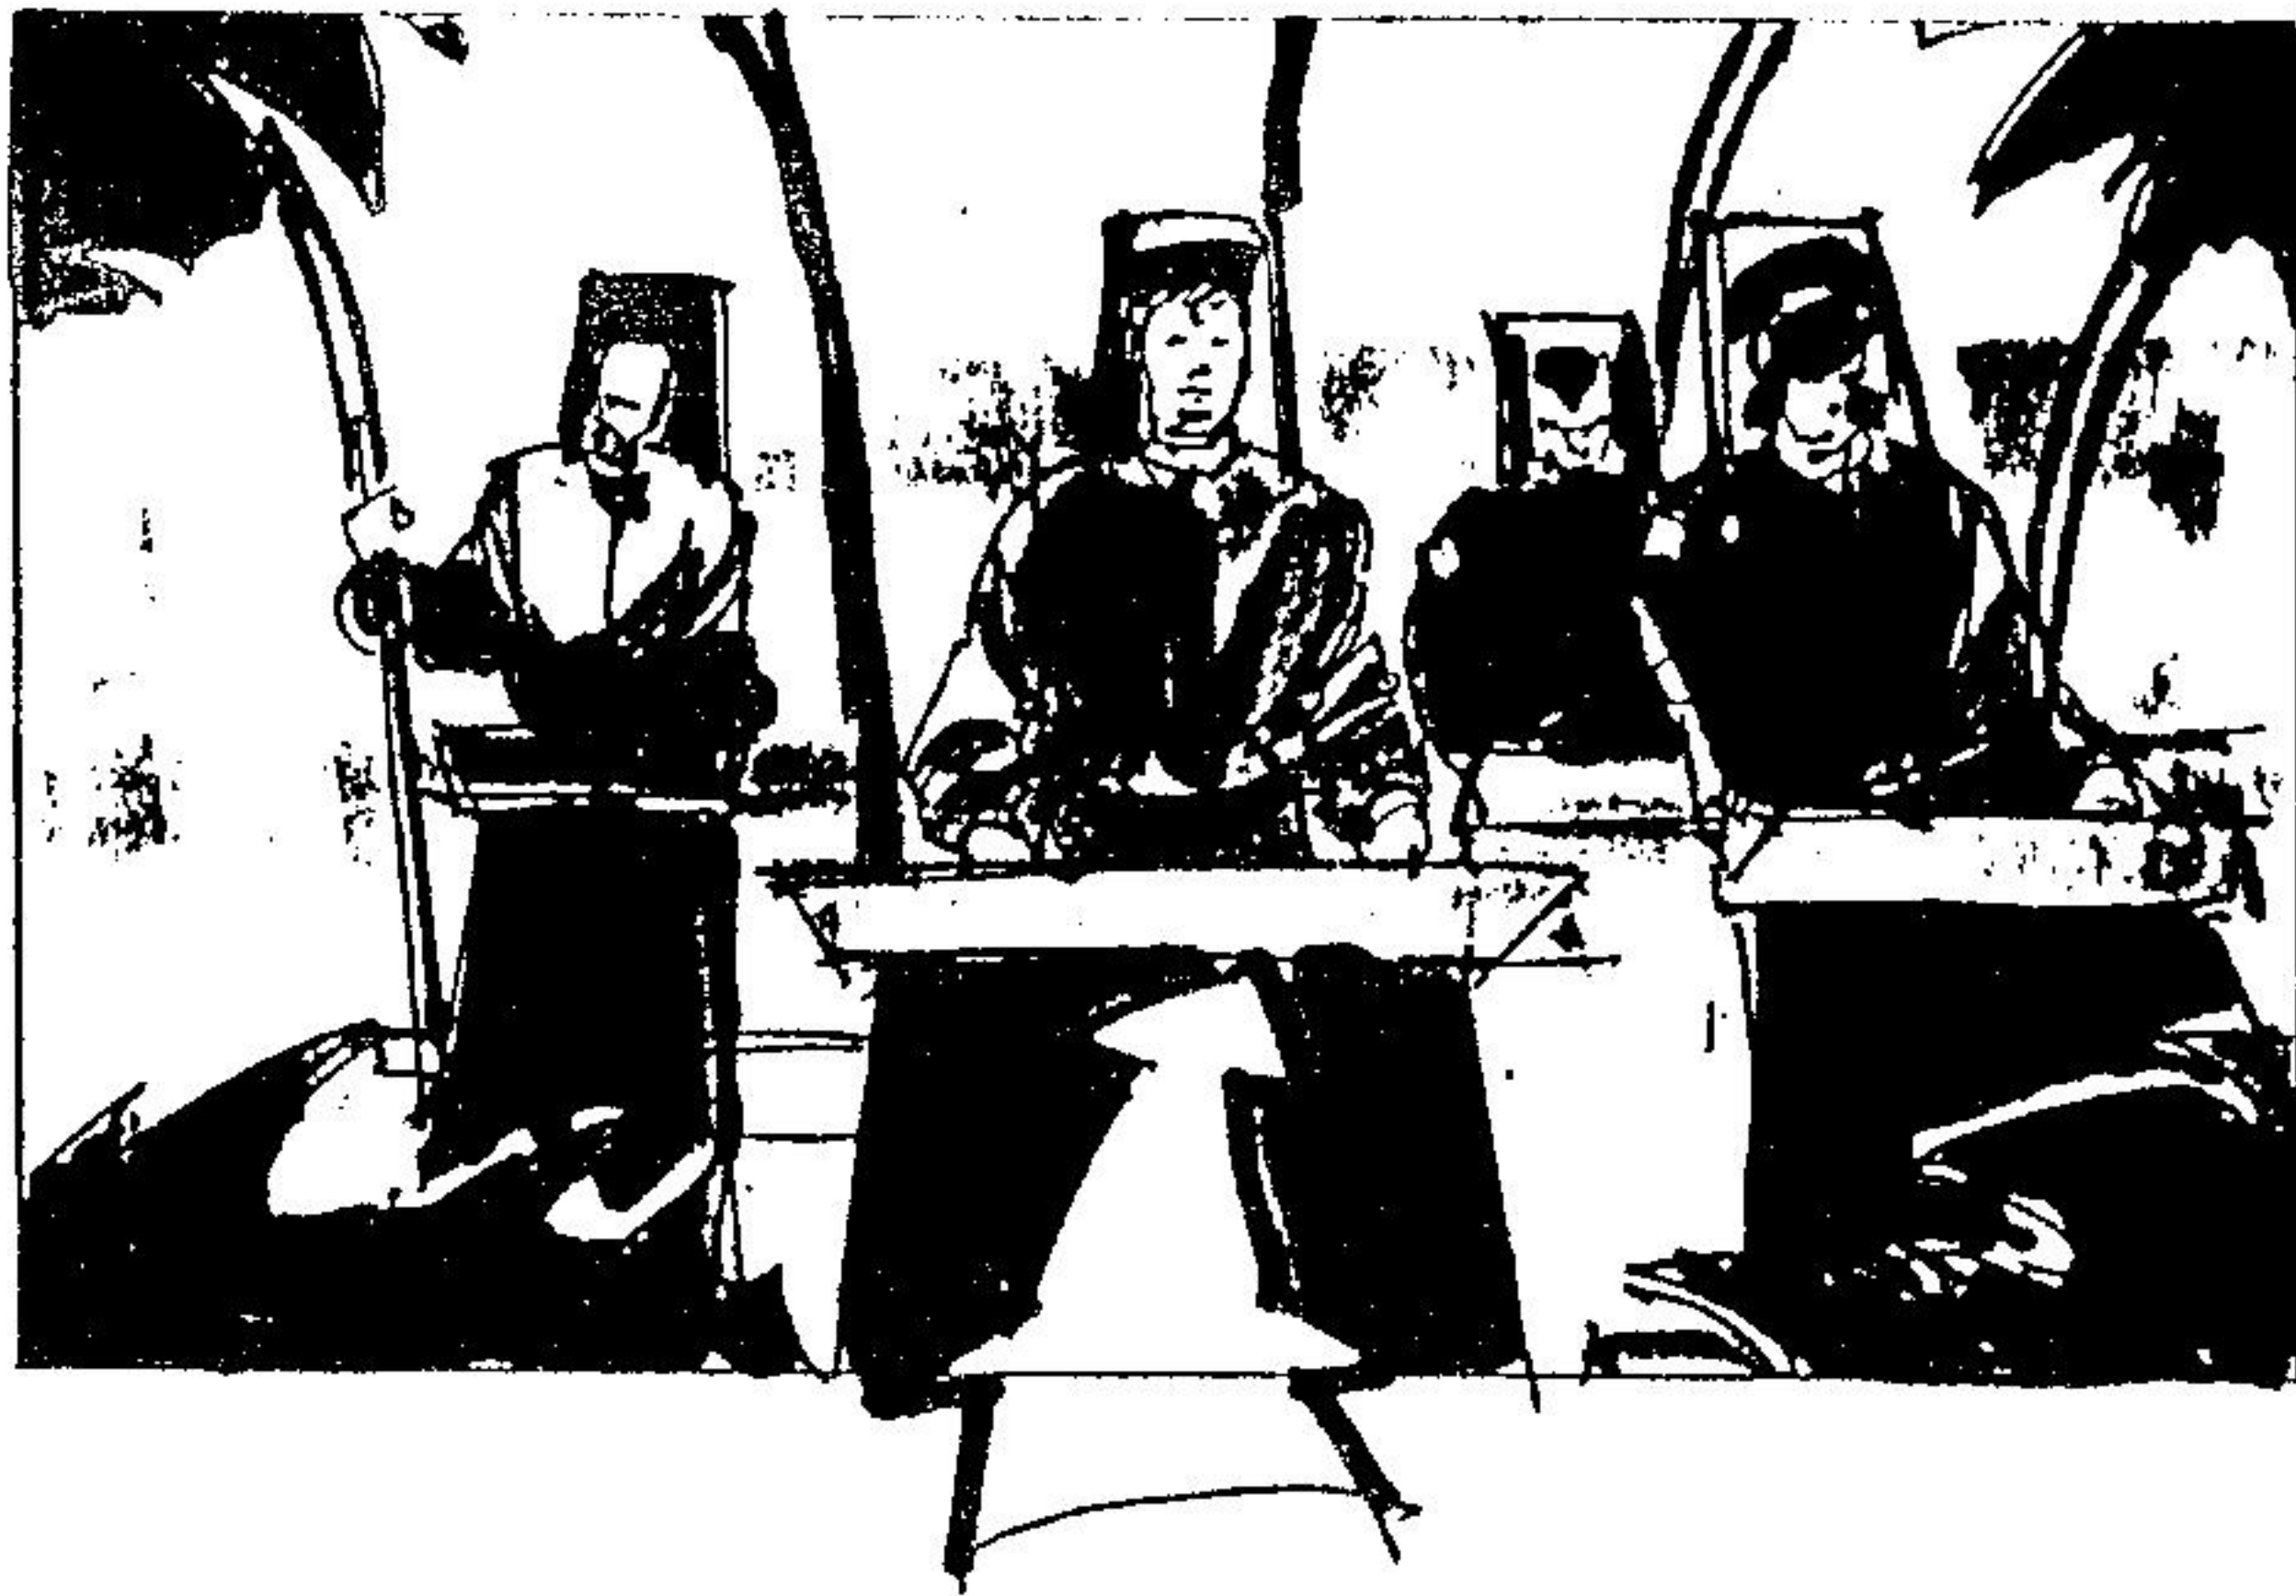

I

C & camera goes flying! - debris  
remains glowing on lens

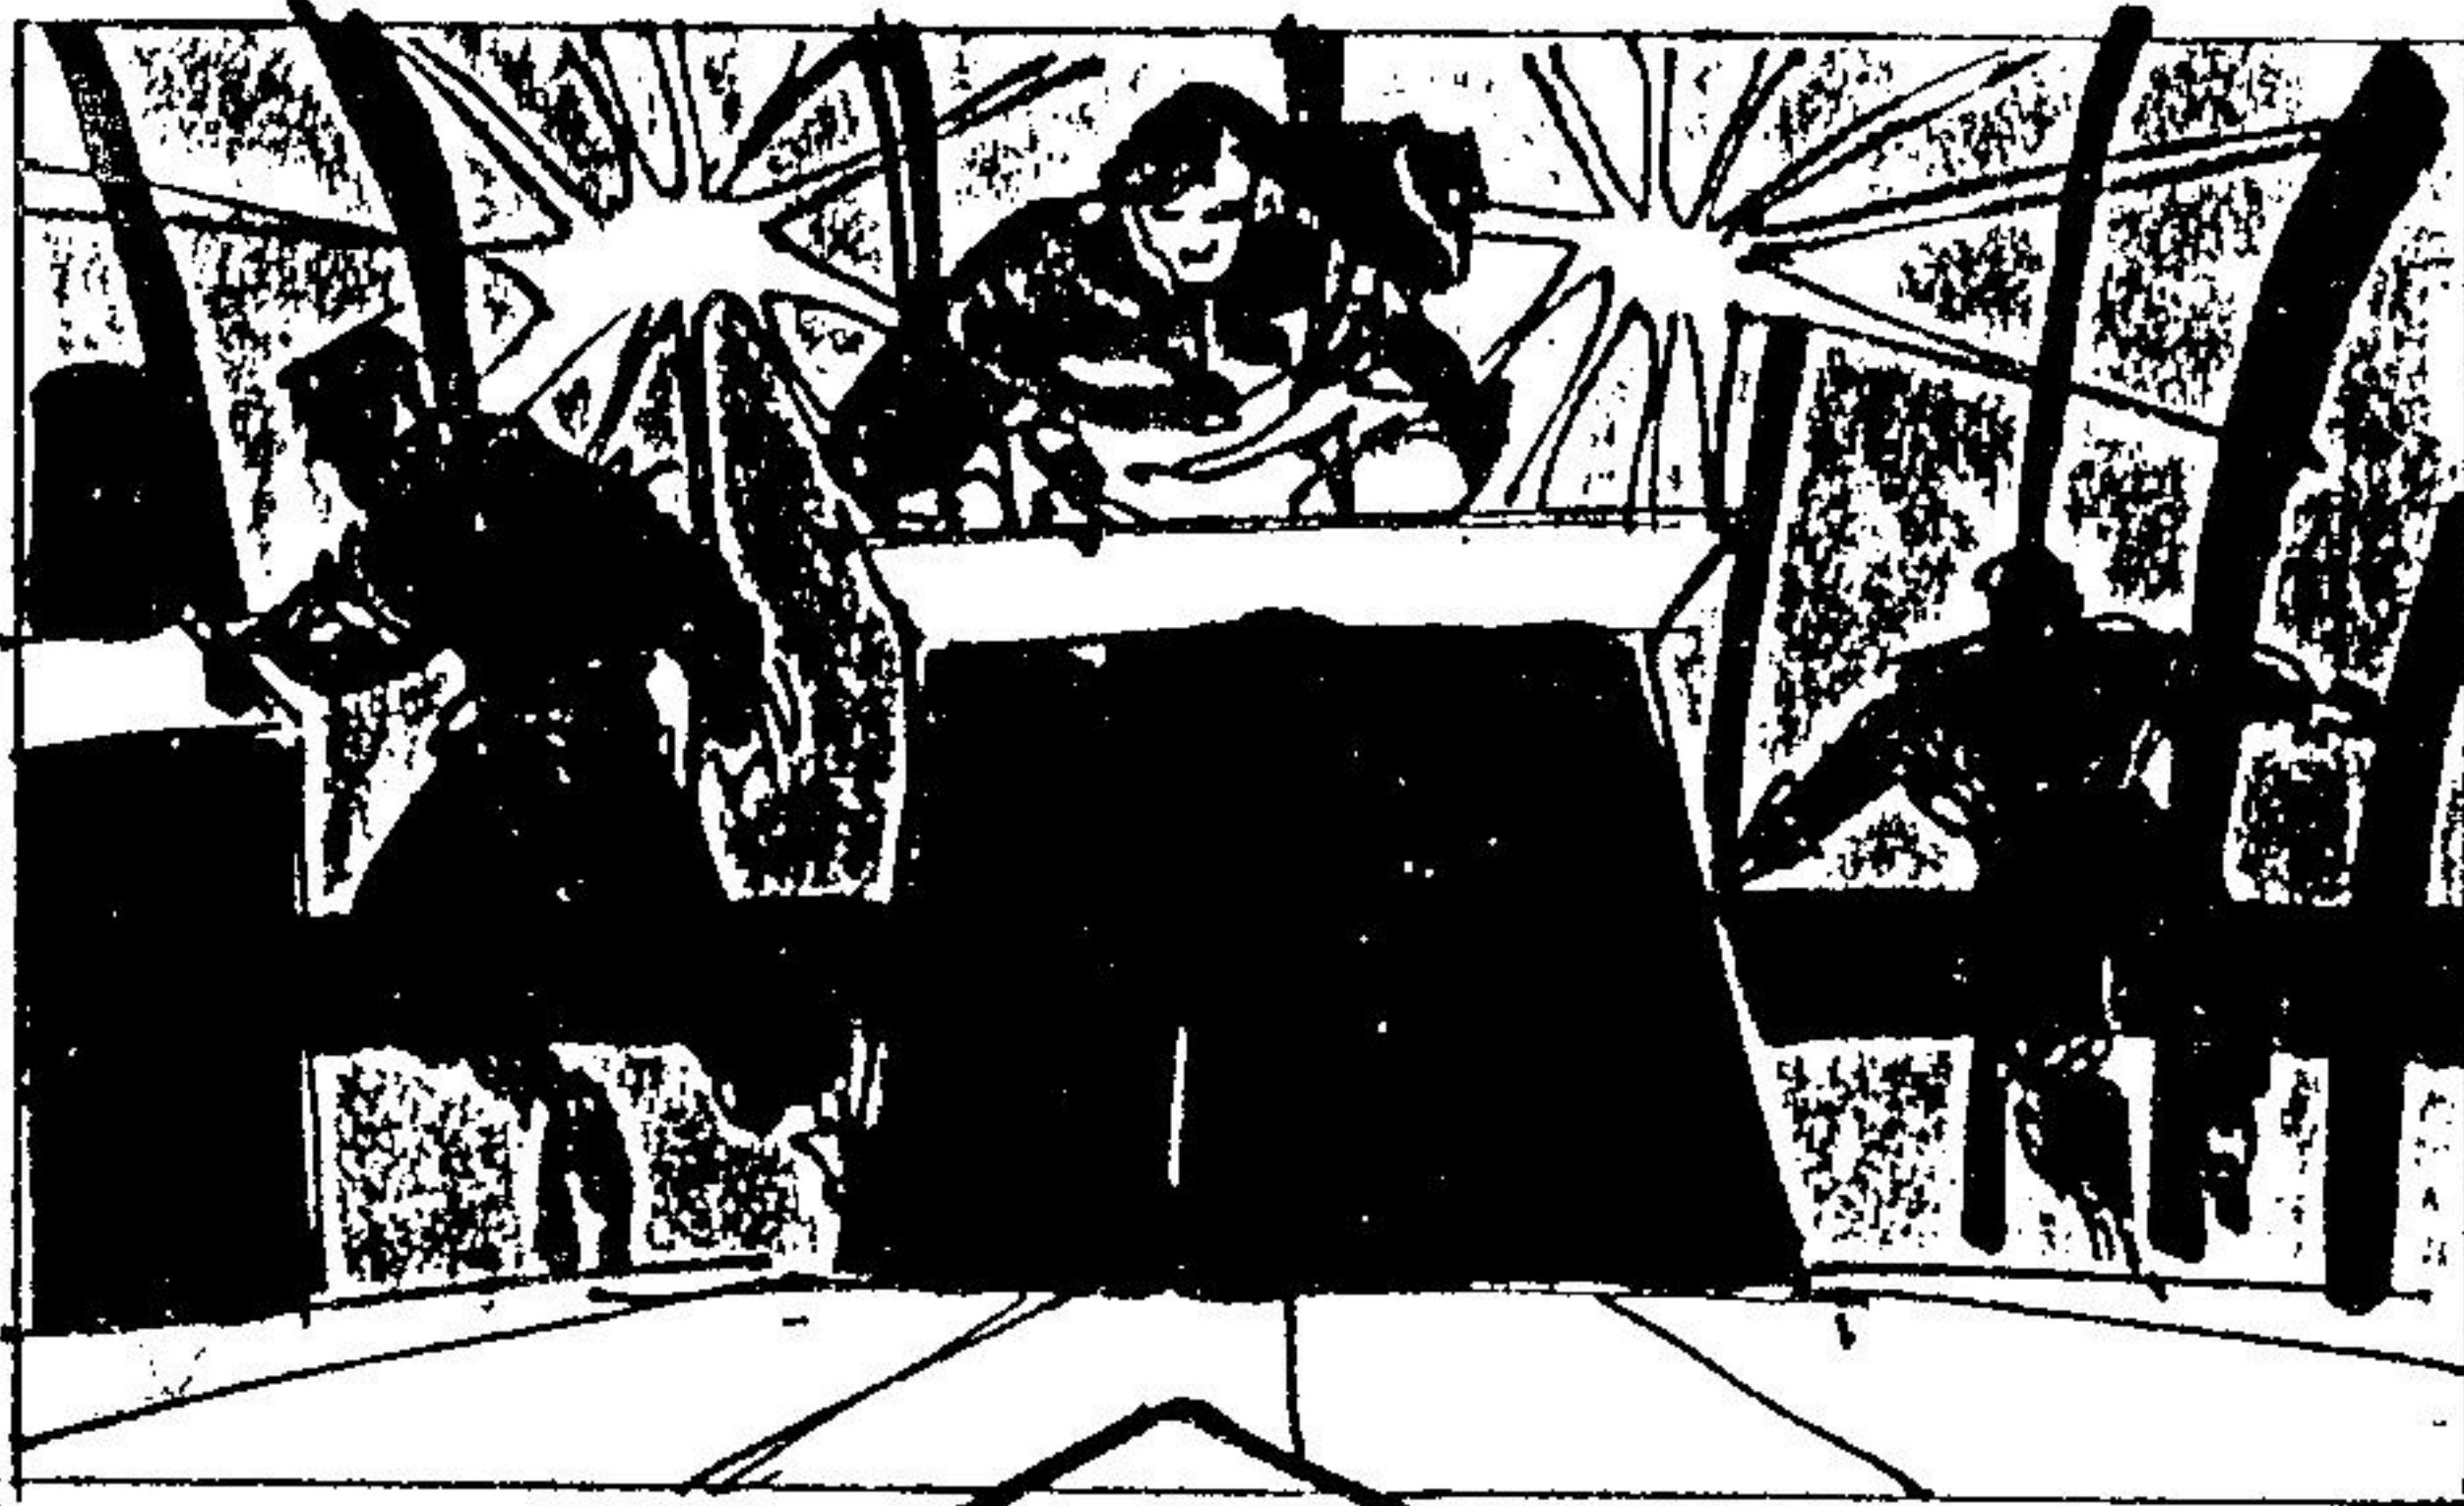

... shot taken in short burst around ... covered in ash ... look is through lens all round
